Belview Bulletin

June 2018

**Reminder to Golf Cart Owners:**

Golf carts are not allowed on Main Street or on sidewalks. Golf Carts may cross Main Street at intersections only. Also, golf carts may only be driven by individuals that have a current MN drivers license. An annual fee of $10, payable to the City of Belview, is required along with proof of insurance in order to drive your golf cart on city side streets.

**BUILDING PERMITS:**

Property owners wishing to construct or move a building on to their lot or change an existing structure must complete a building permit and present it in person to the City Council at the next council meeting. No work is to be done prior to getting council approval. The cost of the permit is $25. Failure to obtain a permit before work begins will result in a $50 fine and possible removal of the structure or addition if it does not meet set back requirements.

Anyone wishing to install a fence on their property must obtain a fence permit which requires a signature from the adjoining property owners stating that they are aware of the plans and have no objections.

If you are planning on moving in a new or pre-owned building or installing a fence a photo must be included with the building permit application.

At this time the City Council does not require a building permit when you are replacing shingles, windows or siding. Permits are required for decks and patios.
