Belview Fire Relief To Host A Fund Raiser:

The Belview Volunteer Firemen will be hosting a Soup & Chili Supper on April 9th at the Odeon Hall. Entertainment will be provided by the Larry Donner & Friends. This is the department's annual fund raising event and they hope you will be able to join them.

Thank you from 125th Planning Committee:

The 125th Planning Committee held a fund raiser kick-off on Thursday, March 17th at the Odeon Hall. There was a very nice turnout. So good in fact that there was not enough hamburgers for everyone that attended. Only a few unlucky people were turned away and for that the committee apologizes. The turnout just exceeded their expectations.

A special thank you to David Forkrud and Cenex for donating the use of their large grill and to Tom and Pam Breitreutz for providing the fuel for the grill. Thanks also to all the volunteers who worked and/or brought bars.

Recipe deadline:

The 125th Planning Committee would like to remind you that recipes must be submitted for publications in the 125 Years of Cooking cookbook by May 1st. Recipe forms are available on line at belview.org or by stopping by the City Clerk's Office. Recipes may be dropped off at the City Clerk's Office or emailed to Kim Sander at kimarlo@redred.com.

YOUR HELP IS NEEDED!

The City Council is asking for everyone's cooperation in complying with the City's Environmental Control Ordinance, which was adopted in July 2008. Copies of the ordinance were distributed at that time but more copies are available at the City Clerk's Office.

The ordinance addresses issues like depositing, maintaining, permitting or failing to remove garbage trash, rubbish, bottles, cans or other refuse on any property; piling, storing, or keeping of inoperable machinery, rubbish, furniture, household furnishings or appliances or component parts not stored indoors; and accumulation of piles of wood which are not neatly stacked or stacked in some manner and secured in a stable manner to avoid collapse; buildings, fences and other structures that are poorly maintained.

The ordinance is detailed and the abatement process for non-compliance is clearly defined.

Property owners will be receiving letters of non-compliance if they are found to be in violation of the Environmental Control Ordinance.
